**Session 2010-2011**

**Part A: The plan of action chalked out by the IQAC in the beginning of the session towards quality enhancement and the outcome achieved by the end of the year.**

**Plan of action taken for 2010-2011:**

- To conduct workshop/seminar/symposium by various departments so that the students and faculty members get an opportunity to enhance and sustain their academic excellence.
- To encourage faculties to attend seminars, workshops, Refresher and Orientation courses without affecting the teaching-learning process of the College.
- To encourage and motivate the faculties so that they undertake various research works and approach the UGC and other funding agencies for financial support.
- To impart coaching for students from minorities, SC/ST and OBC (non-creamy layer) candidates for entry in services, remedial coaching etc.
- To make use of ICT enabled and student centric interactive teaching-learning methods to give the students better exposure of the topics.
- To upgrade the college website regularly with information from every corner of the institution. Special emphasis is to be given on matters related to admission.
- To complete the construction of ladies hostel with financial assistance from the UGC.

The outcomes of the various activities that we have proposed at the beginning of the academic session 2010–2011 are reflected in the sequel.

**Part B:****1. Activities reflecting the goals and objectives of the Institution:**

Imparting quality education among all corners of the society is the prime objective of the college since its inception in 1846. During its long journey of about 165 years it has witnessed numerous chapters that have unfolded in the history of the nation and of the world and has emerged today as a major citadel of learning, imparting modern education in its highest standard.

The goals and objectives of the Institution as have already been stated in the NAAC Self Study Report (SSR) are as follows:

- To impart quality based higher education with an aim to acquire knowledge and development skills among the students to face the national and global challenges.
- To develop responsible and sensitive youths on integration from diverse cultural, linguistic and religious groups who have social commitments and have panoramic view of the society.
- To lay emphasis on value based education to create human resources with modern view and foresight who can contribute to the national development by way of catering to the needs of the economy, society and the country as a whole.
- To create accountability within to ensure accountability to the society at large.

Application and implementation of every goal and objective would strike a right balance between aims and achievements. Competency with conscience, technology with tradition and multi-dimensional growth is required to be achieved through various quality enhancement measures. The goals and objectives of the institution would be implemented

and applied in such a way that they would remove the deficiencies and enhance quality. The total number of students enrolled in the college for the academic session 2010-2011 is 2743 (1443 Boys; 1300 Girls).

## **2. New academic program initiated:**

The college has initiated Post Graduate studies in Zoology from the current academic session of 2010-2011. The college now offers Post Graduate courses in four subjects – Bengali, Philosophy, Geography and Zoology.

## **3. Innovations in curricular design and transaction:**

Being an affiliated college to the University of Kalyani, the curriculum is designed by the university after discussion in its Board of Studies (BOS) meetings and Council for Undergraduate Studies. Dr. Swarup Bose, Assistant Professor of Deptt. Of Bengali is a member of Council for Undergraduate Studies in University of Kalyani. Besides, the College has a good number of representatives in the BOS in different subjects. Moreover the faculty members interact in the seminar/workshop conducted by BOS of the University regarding the modification of the existing courses.

## **4. Inter-disciplinary programmes started:**

The College could not start any inter-disciplinary programmes as such. However, the department of Sanskrit and Philosophy share their views by exchanging their faculties. Moreover the faculties of the department of Statistics take regular classes in the Department of Mathematics.

## **5. Examination reforms implemented:**

The University of Kalyani to which the College is affiliated has introduced major changes in the examination system from the academic session 2007–2008. Consequently,

in accordance with the university instructions, the College has adopted the system of internal marking in final examination on individual papers in Honours courses based on three unit tests in an academic session and other parameters like attendance, class performance etc. Apart from that each department organizes regular class tests and seminar presentations of the students for better understanding and to overcome their shortfalls.

#### **6. Candidates qualified: NET/ SET/ GATE etc.**

It is a premier institute under the University of Kalyani and a good number of students have qualified in examinations like NET/ GATE etc. As it is primarily a UG teaching College, we could not maintain proper communication with the pass out students who after their PG degree qualify in different examination like NET/GATE/GRE etc. However, from personal connections the college came to know about few students who have qualified in such exams in recent times. The list goes as under:

<b>Sl. No.</b>	<b>Name of the candidate</b>	<b>Department</b>	<b>Qualifying Exam.</b>
1	Mriganka Podder	Philosophy	NET
2	Prasenjit Pal	Geography	NET
3	Kartick Sarkar	Geography	NET
4	Anindya Biswas	Botany	GATE
5	Anadi Roy Choudhury	Physiology	NET
6	Trinath Ghosh	Physiology	NET

#### **7. Initiative towards faculty development programme:**

Imparting quality and application of quality bench marks primarily relate to well-equipped faculties and the faculties have to be constantly updated to meet the challenges in the ever changing scenario of higher education. For the up-gradation, the faculties are encouraged to attend seminars/symposiums/workshops and Refresher/Orientation courses

from time to time. Following is the list of teachers who have attended various courses during the academic session 2010-2011:

- Installation of office software COSA for preparation of salary bills of the staff of the College.
- The Central instrumentation room and the departmental laboratories are upgraded from the UGC-CPE fund.

**28. Computer and internet access and training to teachers and students:**

Both students and teachers have ready access to internet facilities. Every department has computer with internet facilities and the faculties utilize it to surf latest course materials on subject. Apart from that faculties use it for their research work too. There is a Network Resource Center in Physics block where the students have free access

to internet throughout the day for preparation of their seminars and group projects. Computer programming is also in the course curricula for both Physics and Mathematics UG students and they have practical classes in computer center where they are trained by expert faculty members. Geography department provides a small computer lab where UG and PG students get training on GIS (Geomatica) software and programming related to digitization of maps and Remote Sensing.

### **29. Financial aid to students:**

The Institution is located in one of the poorest districts of West Bengal. A considerable portion of the students are first generation learners. They come from poor financial background and guardians are mainly rickshaw pullers, daily labourers and or marginal farmers. To promote education among all sections and to give chance to educate the poor but meritorious students, the college continues to support these pupils by way of various scholarships. The schemes by which the college offers financial support to poor students are:

- Scholarship to the wards of Beedi workers from the Ministry of Social Welfare Govt. of India: Number of awardees 19
- Merit-cum-Means scholarship from the Director of Public Instruction, West Bengal.  
Number of awardees: 119.
- Scholarship for minority students from the Government of West Bengal. Number of awardees: 139

Besides, a number of students are offered Full and Half Free studentship.

### **30. Support from the Alumni Association and its Activities:**

Student welfare has always been a joint venture of the college and the Alumni association of Krishnagar Government College. The College always receives valuable

suggestions for improvement and innovations in the changing scenario and sturdy supports from its distinguished alumni.

### **31. Support from Parent – Teacher Association and its Activities:**

The Parent-Teacher Association meets at least once in a year in the middle of an academic session. This is an open forum where parents and teachers interact with each other about the drawbacks and short comings of each student and analyze their difficulties. Moreover, it is a platform for both the parents and their wards to give their suggestions for betterment of the institution and a place for evaluation of the teachers though there is a formal feed back process in each department from the outgoing students.

### **32. Health service:**

All students are members of the “Student Health Home” from the day of their admission and they are eligible to get free medical checkup, treatment and hospitalization (if necessary). A Health Center has recently been introduced funded by the UGC-CPE scheme for the health checkup for both students and teachers.

All teaching and non-teaching members are State Government employees, so they can avail free treatment in nearest Government Hospital at Saktinagar, a kilometer away from the College campus. For complicated treatment they are sent to referral Government hospital at Kolkata. Moreover, a Health Insurance scheme of NIC under GI scheme is functional for employees. Many staffs have included themselves in the Health Scheme introduced by the government of West Bengal for its employees where employees can treat themselves or their dependants in designated private hospital also in lieu of their medical allowance.

### 33. Performance in sports activities:

In the Annual Athletic Sports meet held in the college,. the students of the various departments actively participated in different events. From this sports meet the college selects and sends the promising student to participate in different sports competition like Inter Government College Athletic Meet, Intra University Sports Meet etc. Below is the list of students who had participated in different sports meets and awarded certificate of merit during the academic session 2010-2011.

Sl. No.	Name of the student	Class/Year	Event	Level	Position
1.	Kalam Chandra Sk.	B.A.(1st Yr.General)	High Jump	Inter Govt. College	1 <sup>st</sup>
				Kalyani University Meet	2 <sup>nd</sup>
2.	Firoj Mondal	B.A.(1st Yr.General)	400 meter run	Inter Govt. College	2 <sup>nd</sup>
			800 meter run		2 <sup>nd</sup>
3	Rahul Sarakar	B.A.(2 <sup>nd</sup> Yr.) Pol Science Hons.	Cricket	Intra University Meet	Participated on the university team

### 34. Incentives to outstanding sportsperson:

There are scholarships (waiving of tuition fees) for outstanding sports person. They are felicitated with trophies and they are provided with kits, sports equipments, track suits etc. They are also given exemption from attending classes regularly and the

faculties pay special attention to teach them. Further, we have Sports Quota for students who have participated at least in any state level competition.

### **35. Students achievements and award:**

The College is a premier Institute under the University of Kalyani and in every year students secure good marks in University examinations and a good number of students are in the rank list in different subjects as published by the University. Below is the list of the departments and the number of first class awardees in the academic session 2010-2011. University has not yet published the rank list for the academic session 2010–2011 so it is not possible for us to provide the rank list.

Stream	No. of 1 <sup>st</sup> class
B.A (Hons)	114
B. Sc(UG)	53

### **36. Activities of the Guidance and Counseling Cell:**

The Guidance and Counseling Cell of the College is functional with the help of few senior faculties and it is actively engaged in ensuring adequate student benefit and their mental and psychological growth. This Cell also helps the aspirant students in their career guidance and gives them exposure about higher studies and research.

### **37. Placement services provided to students:**

We have a placement cell for smooth functioning of campus interviews of various companies coming for placement and circulate adequate information for off-campus recruitment. A number of students were qualified for School Service Commission Examination – 2010 and also got Primary Teacher’s posts. Under the UGC scheme, the

college has also introduced a coaching centre for SC/ ST/ Minorities / OBC (non-creamy layer) students for Entry in different Services.

### **38. Development programmes for non-teaching staff:**

As such there is no formal training session for non-teaching staff but the senior faculty members are always in touch with the office administration for implementation of various new issues related to Income Tax calculation, Pay fixation and Career advancement scheme, proper functioning of office software etc.

### **39. Best practices of the Institution:**

- Admission process is completely transparent and done through counseling strictly according to merit observing reservation criteria of the government for SC/ST and PH candidates.
- Free access to computer and internet facility for maximum students and staff.
- Slow and advanced learners are identified and special care is taken to cater to their different needs.
- Extensive use of technology in the teaching-learning process.
- Teachers are encouraged to undertake research work.
- Extensive financial support to economically weaker section of the student community.
- Students are encouraged to participate in sports, extracurricular and cultural activities for their all round development
- Regular student feedback is taken to improve the teaching quality.
- The authority always tries to involve students, teachers, non teaching staff, alumni and all the stakeholders in the functioning of the college in its endeavour to achieve academic excellence and to sustain it.
- Special effort is given for community development through its NSS unit.

**40. Linkage developed with National/ International, academic/ research bodies:**

Several faculty members are engaged in collaborative research programmes. Details are provided in point 11.

**41. Any other relevant information:**

- It is a proud privilege for us to announce that our College is one of the 149 Colleges of India who was conferred the “*College with Potential for Excellence*” status during the XI - Plan of UGC. Moreover this is the one and only one College under the University of Kalyani to receive such prestigious status.
- The College receives financial support of rupees five lacks each from the UGC XI the Plan for imparting coaching for SC/ ST/ Minorities / OBC (non-creamy layer) in two schemes one for Remedial Coaching and another for Entry in Services. Both the courses are already in progress and there is a good response from the students to avail these courses.

**Part – C****Details of the plans of the Institution for the next year:**

Meeting challenges with conviction is the benchmark of today's success. Enhancement of quality implies urge for dynamic development, self analysis, self assessment and above all self evaluation which enable the Institution to achieve its goal. On that perception IQAC was formed and it has been a vehicle of improvement and progress for the Institution. For the ensuing academic session IQAC has a proposed action of plan in pursuance of the goals of the Institution.

- To enrich the academic infrastructure of the college by the proper use of the CPE Grant.
- To conduct more seminars, conferences and invited lecture series in the different academic departments.
- To improve the infrastructure in Sports and Games.
- The activities of the NSS unit will be extended.
- To introduce an NCC Unit of the college.
- A sophisticated language lab will be setup for training of English, Bengali and Sanskrit languages to the students.
- To regularize the publication of "Conscientia" the Academic Journal of the college.
