Summary:

From the percentages shown in the diagrams, it is observed that majority of the teachers are either satisfied or extremely satisfied in all the issues barring one issue of hygiene and cleanliness standard of the campus. With respect to this issue, dissatisfied or neutral categories form the majority.

Lastly, suggestion for the improvement of the institution was asked in the questionnaire. A few common suggestions are listed below:

- Improvement in computer laboratory facility and internet facility is urgently needed.
- Immediate increase in group C and group D staff is absolutely necessary for keeping basic teaching learning and administrative facilities properly functional.
- Purchase of books in some departments is required for effective implementation of curriculum.
